Hazlewood Meet Held

Senator Grady Hazlewood Tuesday told a group of some 30 supporters that his plans had called for retirement but indicated that he would seek reelection if the call for him to do so is strong enough.

Hazlewood met with the group in the district court room of Randall County court house. He attended a similar meeting in Amarillo Monday.

The senator received enthusiastic encouragement from those who attended the Tuesday meeting.

Hazlewood was guest of honor at an Appreciation Dinner held here in September. Gov. John Connally was principal speaker for the occasion.

From the platform, the governor, who earlier that day had announced his own candidacy for 1966, urged Hazlewood to seek another term.

Hazlewood has been a member of the Texas Senate for 25 years. He is exceeded in seniority only by Senator A. M. Aikin of Paris.

Baby To Be Honored

The first baby born in Canyon in 1966 will be a most fortunate tyke.

Local merchants are furnishing a variety of prizes and supplies for the first baby boy or girl to be born here after the beginning of the new year. This is an annual feature.

Only rules governing selection of the child to be honored are that he be born in Canyon, that his parents live in Randall County, and that the exact time of birth must be confirmed by the attending physician.

Holiday List Up At Museum

The Christmas holidays brought a large number of guests to Canyon's Panhandle-Plains Historical Museum early this week, according to museum director Boone McClure.

Due to construction near the museum, which halted heating and water service temporarily, the museum was closed December 21, the morning of December 23, and December 24-25. The museum will remain open during the New Year's week-end.

Sunday, 348 visitors to the museum were registered, however, and the ledger listed well over 100 persons both Monday and Tuesday.

December is ordinarily the month of the year which is lightest in attendance, said McClure, but this year will probably be an exception. More than 2,000 persons had visited the museum this month by Monday afternoon.

November monthly total for the city attraction was 4,440 guests, representing 44 states of the Union.

County Membership Drive To Supply Funds For Show

The 19th annual Randall County Junior Livestock Show and Sale will be held in Canyon January 14-15, according to an announcement by Cristler Crain, president of the Randall County Junior Livestock Association.

Crain and other members of the executive committee of the association have made final committee appointments with more than 80 adults expected to serve.

Executive committee includes Paul Dudenhoeffer, Emil Olson, James Bible and Wesley Cox.

Finance and membership committee will be headed by Paul Dudenhoeffer and Forrest Gruner. They will be assisted by workers in each community of the county.

Memberships are available at \$5 per person and the money raised will be used to pay premiums and other costs of the livestock show. Workers and committeemen are donating their time and all funds will benefit boys and girls of the county.

Youth Says Crime Bad Business

Crime hasn't paid off very well for Tommy Marion McKenzie and the 19-year-old Amarillo youth is the first to admit it.

Tommy was arraigned Tuesday after his third unprofitable brush with the law this year. This time he is charged with robbery by assault in connection with the alleged robbery Dec. 13 of the Twin Drive In Theater in South Amarillo.

(See YOUTH Page 9)

Jack Ziegler is in charge of the sales committee and will be assisted by some six workers. Main job of the committee will be to invite buyers to the sale.

R. B. Gist, Jr. will be in charge of show arrangements and the grounds committee. Joe Gibson is chairman of the sales clerks. His assistants will be Lee Foster and W. E. Miller.

Five auctioneers will be arranged for by Richmond Hales. Largest department of the show is the swine division with about 100 market animals expected to be sold. Benny Abbott is superintendent of the swine department.

Ed Wieck is superintendent of the sheep department and expects some 35 lambs to be shown and sold. About a dozen heifers will be shown and sold, according to Charles Gerald, chairman of the dairy cattle division.

Paul Dudenhoeffer will head the beef cattle department and expects 16 steers and 12 beef heifers to be entered. Earl Reynolds will supervise the horse department with some 30 horses to be shown.

Judge for the steers and lambs will be Scott Windham, vocational agriculture teacher at Lazbuddie. These

classes will be judged on Saturday, January 14.

Beef heifers will be placed by Denny Fuston of Canyon. Fuston, a graduate of West Texas State University, is an ex-member of the livestock judging team and is presently a trainee with the local ASCS office.

Judges for other departments will be announced shortly, according to John Brazzil, county agent, and show catalogues will be available.

Holiday Closing

Retail Merchants Committee of Canyon has recommended that all local businesses close Saturday, January 1.

The closing day is in observance of New Year's Day. The Canyon News office will be closed Saturday in observance of the holiday.

Farmers Tax Guides Here

The 1966 edition of the "Farmers Tax Guide" is now available at the County Agent's Office in the Randall County Courthouse.

John Brazzil, local agent, says "It is an excellent guide for farmers and ranchers to use in figuring their 1965 taxes".

The publication was written and printed by the U. S. Treasury Department of the Internal Revenue Service and is free.

K Club Sets Ladies Day

Final Kiwanis Club Ladies' Day of 1965 will be held tomorrow, Friday, during the regular noon meeting of the service organization.

The luncheon meeting will take place in the American Legion hall, according to Kiwanis President Hatcher Brown.

Happy New Year, Sis!

FIRST Canyon babies to be born in 1966 look back on their year while Karla Louise Podzemny holds the December, 1965, calendar. As this year goes out of style, "older" sister Jana Marie prepares to celebrate a New Year -- and a new birthday. Jana is one minute older than her twin. The girls were born to Mr. and Mrs. Eugene Podzemny of North Randall County January 7.

County Pioneer Taken By Death Here Sunday

A member of one of Randall County's most prominent pioneer families is dead.

A Randall County era ended Sunday with the death of Thomas Gould Lair, 76, who came to the county when he was 2 years old. He and members of his family played prominent roles in its development.

Mr. Lair was the son of Judge Lycourus C. Lair who served three consecutive terms as county judge, beginning in 1896.

Mr. Lair's date of birth must have been prophetic of his

destiny in Randall County. He was born July 27, 1889, the same day the first officers of Randall County were named.

Mr. Lair was born in Collins County. He was married in 1914 to Miss Gladys Avent, member of another pioneer Randall County family.

One son, Avent, was the first Randall County criminal district attorney. He was appointed to that office by Gov. Price Daniel and then was elected in his own right.

Another son, Tommy, pre-

sently is Randall County clerk, an office he has held since the mid-1940s.

THOMAS GOULD LAIR

Mr. Lair was a veteran of World War I. He was a member of the school board and served as president of the Old Randall County Association.

District Art Show Opens January 13

The third annual District Citation Art Exhibition and Scholarship Competition will be held in Canyon January 13-16 at the Fine Arts Building on the campus of West Texas State University.

Entries are expected from 16 counties in the district, according to Mrs. Frank Kimbrough, district chairman.

Two major divisions will be

open, including high school students in grades 9-12 and the merit award division for amateurs of any age who do not derive more than one half of their income from the sale of art.

Prizes in each division will be \$75, \$50 and \$25.

Entries must have been completed within the past year, be original and be suitably and simply framed or prepared for display. Watercolors, prints, drawings and pastels should be framed under glass. Entries should not exceed 36 inches by 45 inches in size or the equivalent in square inches.

A white entry blank and \$1 registration fee must accompany each entry. Deadline for entries will be January 13 at 6 p. m.

Entries should be taken to the Fine Arts Building on the university campus. Entry blanks are available from high school art teachers in Randall County and the university art department.

Mrs. Sherwood Blaszel, OLS-2619, is serving as county chairman and will answer questions concerning the competition.

Scholarships of the state level will be given in Austin in February. Available are scholarships of \$500, \$300 and \$200 along with an award of \$100 which will be given to the merit winner.

Students To Return To School

Classes will resume Monday for all students of Canyon Independent School District, following vacation for the Christmas holidays.

Students will be involved in the third six weeks period of the school year, with Scholastic Accounting Day scheduled for January 21.

Fourth six weeks, marking the beginning of the second semester, will be from January 24 to March 4 and will include 30 class days. First holiday of the new semester will come March 11, when the day's classes are to be dismissed for the Northwest Teacher's Conference.

Students will also return to class Monday at West Texas State University, which began its Christmas vacation Saturday, December 18.

Canyon Girl To Star In WTSU's "Medea"

Canyon freshman Lilian Cowart has been selected to play the title role in the Branding Iron Theatre production of "Medea" January 7-8 at West Texas State University.

"Medea" is the classic story of a woman's revenge on her unfaithful husband. While the WTSU production will be of the original Euripides play, the work has been freely adapted by the student director, Bob King. King is a Samnorwood senior majoring in speech.

Miss Cowart, seen recently in Alpha Psi Omega's annual Christmas musical, is experienced in classic theatre and has played major roles in both "Hamlet" and "Othello" while at Canyon High School.

The Greek classic is scheduled for 8:15 p. m. next Friday and Saturday in the BIT, and admission is \$1 for adults and

50 cents for students and children. The production is sponsored by the speech department and Buffalo Masquers, campus dramatic organization, and all proceeds will go to the Buffalo Masquers Annual Dramatic Awards Night, to be held in the spring.

An unusual feature of the show will be the absence of marked

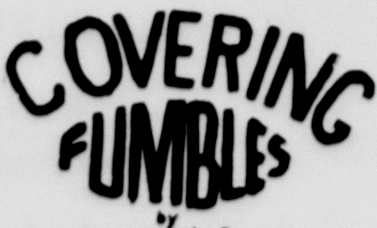

entrances or exits by actors.

The effect will be achieved by "black outs" in lighting of specific stage areas. Sets, lighting and costumes for the drama will be expressionistic in style.

Opposite Medea in the role of Jason is Martin McDonald, Brownfield senior. McDonald has played many major roles in the campus theatre in the past four years.

Other cast members are Gary Tydings, Hobbs, New Mexico, senior; Wes Schultz, White Deer sophomore; Neva Chowning, Amarillo sophomore; Lindsey Dowell, Amarillo sophomore; Max Nelson, Hale Center sophomore; and John Claypool, Denver City senior.

Reservations may be made with the Branding Iron Theatre in the Fine Arts Building at WTSU.

Buff Cagers Meet OSU Quintet There Friday

After taking a brief layoff for Christmas, West Texas State's winless basketball squad will fly to Columbus for a Friday engagement against Ohio State and move on to Detroit to play the University of Detroit on January 3.

It will be the first meeting ever in athletics between the Buffaloes and the two Midwest schools.

Buffalo head coach Jimmy Viramontes, who has lost everything this season but his sense of humor, suffered three more losses on the season's first road trip bringing the year's total to six in a row and seven including the last game of the 1964-65 campaign. It represents the longest losing streak in his coaching career, but the young coach and his players still feel the ball will begin to drop for them before the year is out.

West Texas State's field goal percentage of .418 is the lowest in Viramontes' three years here, but even so the Buffaloes have suffered defeat by more than six points only twice in the streak. Viramontes has been pleased in general with the mechanics of the offense, that is, the Buffs have been getting

good shots but they're not falling.

Most dependable players thus far are senior guard Gail Simpson, junior forward Mickey Fitts and junior guard Rod Teague. Simpson, who got off to a poor start due to illness, has played well of late and taken charge of the offense. His running mate in the back court, Teague, is the team's top shooter with .558 and is gaining a reputation as an all out type player who goes after everything or everyone in sight.

Fitts had his best night ever at Southern Colorado, scoring 26 points in the Buffs' 79-84 defeat. The 6-5 Canyon product leads the team in scoring with a 13.8 average and is improving by leaps and bounds.

Seniors Cal Taylor and Joe McWilliams have been unable to find their shooting eyes and therein may lie the key to the Buffaloes' problems. Taylor, a 6-7 center, leads the squad in rebounding, but has connected only 30.2 per cent of the time from the field. McWilliams, a starting guard during the first three games, shows only 26.3 per cent from the floor.

Newcomers Ron Gardner, Bill Reeves and Jack Johnson are battling for the other starting job, but no one seems to be able to hold it for long. Johnson at 6-7 is the biggest of the three and does the best job on the boards, but Gardner is a fine shooter. Reeves falls somewhere in between these

two in both respects. Both Reeves and Gardner are 6-5.

One of the more glaring weaknesses that has shown up in the first half dozen games is the general inability to cope with a big man. Another is a lack of height. These are two soft spots that will surely make for long evenings at Ohio State and Detroit. Both have the big man capable of scoring and rebounding well. Bob Dove, 6-6, answers that description at Columbus and 6-8 Dorie Murrey fills the bill at Detroit. Ron Sepic, a 6-4 guard, compliments Dove at Ohio State while Murrey is supported by 6-2 Lou Hyatt and 6-5 Jim Boyce. This trio may be as good as any in basketball.

Following the trip to the midlands, the Buffs will return home for a Jan. 8 game against New Mexico State, the first such in Buffalo Fieldhouse in nearly a month.

Bowery Ball Billingtons Next Friday Entertain 31

Bar room fashions of two of the liveliest periods in recent American history will be featured at the annual Bowery Ball and costume contest Friday, January 7, at West Texas State University.

The dance, co-sponsored by Delta Zeta social sorority and the Student Union Board, will have, as its dress, costumes of the "Gay 90's" and "Roaring 20's" periods. The couple with the best costumes in keeping with the theme will be selected and presented during the dance.

The event will take place from 7:30 p. m. to 11:30 p. m. in the game room area of the Student Union Building, according to program director Sonny Schnell. "The Sparkles" will provide music for the dance. Admission is 50 cents per person.

Mr. and Mrs. Walton M. Bagley and family visited during the holidays in Fort Worth with her parents, Mr. and Mrs. Thomas G. Leach.

Hales Will Show Cattle

Richmond Hales of Canyon will have four angus in the Breed Show at the 1966 Southwestern Exposition and Fat Stock Show in Fort Worth.

Also entered in competition at the event will be Hales' children, Rhonda Jo and Rick, who will exhibit heifers in the junior show, January 28-February 6.

W. R. Watt, Fort Worth Stock Show president and manager, expects a record over 11,000 to be entered in the 1966 livestock show. The event will include entertainment and a rodeo according to Watt.

Son's Birth Announced

Mr. and Mrs. Eugene Strohmeyer of Happy are the parents of a 7 pound 4 ounce boy born December 11.

The infant was born at Swisher County Hospital in Tulsa and has been named Tommy Dean.

The Carl G. Crow family visited in Amarillo with her mother, Mrs. Molly Blasingame, during the Christmas holidays.

Mr. and Mrs. Jack E. Cummings visited during the holidays with his parents, Mr. and Mrs. Frank Cummings, in Littlefield and with her parents, Mr. and Mrs. E. L. Schovajsa, in Amherst.

Mrs. Winters Shares Dessert Recipes

BY LORENA MILLER

Mrs. Leonard Winters, grandmother of six, shares recipes for No Cook Candy, Hawaiian Cake, and Cranberry Tea with our readers this week.

The former Miss Jettrew Finley was raised in the Stone Community, northeast of Canyon, and is the daughter of the late Mr. and Mrs. Isaac Finley.

Mrs. Winters has seven brothers and two sisters, one of which is deceased. Her brothers include Columbus and Hermon Finley, both of Amarillo; Fayette of Clarksville; Dalton of Clarendon; Leamon of Portland, Oregon; Carroll of Beaverton, Oregon; and Hershell of Tucuman, New Mexico. Her sister is Mrs. Bob Wilkerson of Burbank, California.

Stone School was attended by Mrs. Winters during the elementary grades and she attended high school in Tulsa. On March 10, 1929, Mrs. Winters and her husband were married in Amarillo.

The Winters family moved here from Alva, Oklahoma and settled in the Birch Community northeast of Canyon in 1917. Winters' mother, Mrs. Frank Winters, resides in Amarillo and is 91 years old.

Winters has five brothers including Flynn, Elmer, Clarence and Charlie of Amarillo and Frank who is deceased. "Granny Winters always said she left the raising of girls to other folks," commented Mrs. Winters.

When the Leonard Winters were first married they settled in the Birch Community for some 15 years and then moved to Canyon in October 1945.

A farmer and rancher, Mr. Winters' favorite hobby is deer hunting and he has bagged two deer this season.

Member of the First Baptist Church, Mrs. Winters is past president of her Sunday School class and is current community

missions chairman for the Woman's Missionary Union.

Mrs. Winters is past president of the Variety Ring, serves as vice chairman of the Palo Duro Mother-in-Law Club and is active in the Friendship Club of Amarillo.

A former member of the home demonstration club, Mrs. Winters said that her favorite hobby is sewing for her daughter, daughters-in-law, and grandchildren.

"I've had about two or three sewing courses," she smiled relating that each new sewing machine purchased also included a special sewing course.

The Winters' children include Allen who farms northwest of Canyon. His wife is the former Mary Owens of Canyon and the couple has one child.

Barbara, the Winters' daughter, lives in Austin with her husband Ted Hefner. Hefner teaches part time and is also

Collection Re-Creates Great American Events

BY LINDA LOVE
Do you enjoy American history? Do you like beautiful works of art? Or perhaps you like to look at pretty pictures filled with action and vivid colors.

If so, the special exhibit at Panhandle - Plains Historical Museum will give a great deal of pleasure, for it offers twelve scenes from American history -- colonial to space-age -- painted by ten noted American artists.

The showing, which will begin Sunday and continue throughout the month of January, is composed of a collection of original paintings of American historical events commissioned by the Humble Oil and Refining Company for reproduction on their 1966 calendar.

One of the most striking of Samples Have Holiday Guests

Holiday guests in the C. W. Samples home were Mr. and Mrs. Paul Aldridge and daughter, Nancy, of San Antonio and the Billy Samples family of Corpus Christi.

Toni Samples, who had been visiting with her grandparents for three months, returned to Corpus Christi with her parents.

the works is "Alamo Defenders Answer Santa Anna," by David Blossom. The heroes of the Alamo stand defiantly before the old mission-fort as they bear the banner of the Constitution of 1824.

The paintings are filled with movement and tastefully brought to life in brilliant colors by the noted artists. The drama and excitement of the beginning of the American Revolution is captured in bright detail by Alex Ross as the early patriots make public their declaration in

West Texas State's freshman basketball squad takes a breather until they meet South Plains College in Buffalo Fieldhouse prior to the varsity game, January 8.

After the first five games, 6-2 guard Mike Mitchell of Ross-well continues to lead the frosh in scoring. Mitchell hit for 36 points in the opener at Texas Tech and shows a 19.4 average to date.

Gary Sikes of Pampa tops the field goal percentage list with an even .500 and his 44 rebounds ties him with Canyon's Tom Higgins for the rebound lead. Another Canyonite, Jim Glenn, leads in free throwing with .833.

Like the varsity, the frosh is suffering a losing season with three losses in five games and, also like the varsity, the losses have been close ones coming by margins of 10, eight and one points.

Ross's "The Colonies Break with England."

A carnival atmosphere seems to spring from the work of Harry Anderson in his springtime scene as "New York Welcomes the President Elect." This is contrasted with the quiet effectiveness of Sam J. Bates' painting, in which the watching men on board ship in the foreground gaze on the American flag barely visible in the early dawn. The work is entitled "Tis the Star Spangled Banner."

"An American Orbits the Earth" brings a sense of history to present space effects, as Charles Santore pictures the arrival of John Glenn's space capsule on the welcoming ship. Banners and signs are out on this sunny day in a work dominated by refreshing white and blue shades.

A deep golden hue highlights a painting by Ken Riley in which "Gold Seekers Rush to California," and Riley is also represented in a work entitled "Mayflower Men Land on Cape Cod."

Additional events are re-created by outstanding artists for the collection. Completing the display of twelve are "Columbus Refuses a Plea to Turn Back," by Tom Lovell; "America's Women Get the Vote," by Bernard Fuchs; "A Settlement Rises on the James," by Stanley Meltzoff; "Lewis and Clark Return to St. Louis," also by Meltzoff; and "Old Glory Rises over Alaska," a work of Austin Briggs.

The exhibit will remain in the Fine Arts Hall of the museum through the last Sunday of January.

Anniversary Dance Set

Fourth Anniversary dance for the Canyon Capers will be held Saturday, January 15, in the ballroom of the West Texas State University Student Union Building.

All square dancers of the area and the public are invited to attend.

Regular dance for January 3 has been cancelled due to the New Year's Eve Dance to be held at the Palo Duro Gym in Amarillo. Vaughn Parrish will do the calling and all members of the local group are urged to attend.

Knox Day was caller for a recent meeting of the Capers at the Junior Livestock Building. Guests for the occasion were Tommy Tompkins of Reddy Squares, Louise Knox of Levis and Lace Club, and Jerri and Dorothy Inman of Lamar, Colorado.

HISTORY COMES TO LIFE in this and eleven other paintings of a special collection which goes on exhibit Sunday at Panhandle-Plains Historical Museum. Shown here is "Alamo Defenders Answer Santa Anna," by David Blossom. The art works, originals created by ten of America's

greatest artists, comprise a collection of paintings of American historical events sponsored by Humble Oil and Refining Co. for its 1966 calendar. The exhibit will be in the Fine Arts Hall of the museum throughout January.

Good news for telephone users:

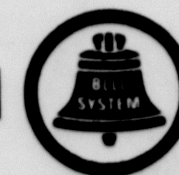

Telephone excise tax reduction goes into effect January 1 for Texas customers

Effective January 1, 1966, the Federal Excise Tax on telephone service will be reduced from 10 to 3 per cent. Following the initial drop, the tax will be lowered 1 per cent each year until it is eliminated in 1969.

Telephone users will receive the full cash benefit from this tax reduction. The tax, which is levied directly on those who use telephone service, has been included on monthly telephone bills, and each month your tax payment has been sent on to the federal government. In effect, the telephone company has been a collection agency.

When the excise tax is eliminated in 1969, telephone users in Texas will save more than \$50 million annually. This will mean more than \$4 million a month added to Texans' spendable income.

RP Aprilaire HUMIDIFIERS

...have the control capacity, convenience, that assure all the benefits of proper relative humidity

In every heated home, moisture must be added to overcome the damaging effects of winter-dryness. This extreme dryness can aggravate colds and other respiratory diseases, dry skin and hair; cause separated wood in furniture and trim, static electricity and other discomforts and damages.

Here's how to assure all the benefits of proper relative humidity in your home all winter long. Just set the dial in your living area... and let the Aprilaire Humidifier on your furnace take over. No water to carry. No pots to fill. Pin-point humidity control. Plenty of capacity. Built-in mineral disposal (no "white dust"). Trouble-free operation. And a Phenolic housing for a lifetime of freedom from rust and corrosion.

MODELS FOR ALL TYPES OF HEATING
Models 110 and 112 Aprilaire Humidifiers are normally mounted on the plenum of a forced air furnace. The Model 112 is adaptable for use with steam or hot water heat. It can be easily installed in basement or utility room and provides the same advantages of operation as the furnace-mounted installations.

Fun 'n' Folk

BY LINDA LOVE

What a boom there is in airline travel! Actually, it isn't a boom: it's just that the industry has grown so steadily and in such giant steps. And I can understand why, because there's no way I'd rather travel than by plane.

But business is so voluminous nowadays that it's too much for people to keep track of, and sometimes too complex for machines to manage. Most reservations and such are handled by machine, and every once in a while the mechanism will show a plane as full when only half the seats have been reserved, while it books a double load on another craft. This leads to all sorts of problems, such as a certain reporter in Oklahoma for Christmas trying to return to Canyon in time to get a paper out. It was sort of fun, though, and my greatest disappointment was that I didn't get to fly in a beautiful little four-seater they were going to charter for us (before the Amarillo ceiling dropped to 300 feet and less.)

It's interesting to see the type of reviews different shows and movies have from different sources. Take "Man from U.N.C.L.E.," for instance, as seen by Pravda, the Moscow mouthpiece.

In its denunciation of the popular tongue-in-cheek spy show, it hammers (pardon the expression) particularly on David McCallum's character of Ilya, a "certain scoundrel of Russian descent," who, "like James Bond, works like a machine, without reasoning, and precisely executes the orders of Mr. Efficiency. In striving to command the attention of reader and viewers," asserts the Communist organ, "the preachers of the 'right to kill' will stop at nothing. They deliberately corrupt young people, using stronger and stronger doses of bloodthirstiness, eroticism and violence. . . ." As Daily Variety points out, executive producer Norman Felton is rather amused.

Meanwhile, McCallum has been gifted with the adoration of countless fans of all ages -- in spite of all Robert Vaughan and his agents and writers can do -- and has just been set to film a feature comedy next year for MGM. The Metro movie he did last summer, "Around the World, Under the Sea," is yet to be released.

For those who enjoy beautiful color films, or educational ones, "The Inheritance" is to be repeated January 2 on NBC-TV. I happened to see it last year, and its great beauty is equalled only by the excellence in writing, direction and general production. It is the historical and archaeological account of Judeo-Christian heritage, narrated in a simple and highly effective script which tells the story, for all age levels, of Old Testament times up to the fulfillment of prophecies through the birth of Christ.

Complementing the account is the photography, which shows everything from the natural beauty of the Holy Lands to archaeological findings relating to Biblical times. Not only is it interesting, but a most enjoyable feature.

Barbra Streisand has been signed by Columbia Pictures to recreate her role of Fanny Brice in the movie version of the Broadway hit "Funny Girl." Another note of interest from the Columbia studios involves production of "The Taming of the Shrew," set to begin in March. And starring, who else? Liz and Dick, of course.

Methodists Have Service

"A Prescription For The New Year" will be the communion meditation for both morning services at the First Methodist Church Sunday.

Rev. Newton Starnes, pastor, will be in charge of the communion during the two morning services. Topic for the evening service will be "Calling The Disciples."

The E. R. Cleavingers entertained with a dinner during the holidays. Guests for the occasion were Mr. and Mrs. M. E. Cleavinger and Mr. and Mrs. Norman Cleavinger, all of Dimmitt; Mr. and Mrs. Hal Cleavinger of Amarillo; and the W. E. Millers of Canyon.

Guests of Mr. and Mrs. Ferrell Abbott during the holidays was their daughter's family, Mr. and Mrs. Gene Schweers and son, Billy, of San Antonio.

Columbia's production vice president, Mike Frankovich, noted a couple of weeks ago that the four types of movies which are best received at the boxoffice are family, adventure, western and comedy, and indicated his company would do its best to provide the public with this type. He mentioned also that they'd avoid the "art products," which he referred to as "arty-smarty" pictures.

Have a Happy New Year, an enjoyable weekend -- and please drive carefully, keeping an eye on the less responsible other fella.

Justice of the Peace W. A. "Bill" Wilson set McKenzie's bond at \$2,000 and McKenzie remained in jail Wednesday in lieu of bond.

McKenzie says he got \$26 in the robbery but lost a "good car" and his freedom as a result.

McKenzie told officers he put a ski mask on a gunny sack and placed it in the back seat of the car. He then drove to the theater about 7:30 o'clock in the evening and ordered the attendant to hand over the money "because my partner in the back seat has a gun on you."

McKenzie related that the attendant gave him \$26 and that he drove away. He decided to get rid of the car, which belonged to a brother-in-law, and pushed it into Dunlavin Lake.

McKenzie is on three year adult probation in Randall County as a result of being charged with burglary of an automobile. McKenzie said he didn't get anything of value in the burglary.

He says he also came out empty handed from an escapade at Gonzales. He said he is scheduled to go on trial there late in January on burglary charges.

"I guess I'll get about 30 years out of the whole thing," the boy declared Tuesday after being arraigned.

Burglars Take Car

Burglars made off with a 1966 Pontiac Bonneville coupe from Stevenson Pontiac the night of Dec. 23.

Several other items also were taken from the Pontiac house which is located north of Canyon across the E-Way from Buffalo Bowl.

Taken were two sets of license plates and a Thermofax duplicator.

Officers say entry was gained by pushing a glass out of a molding on an overhead door. The car was taken from the shop portion of the building.

Holy Land Is Feature Of Program

A program on the Holy Land was given to members of Canyon Kiwanis Club last Friday by Gordon Downing, of the Church of Christ Bible Chair at West Texas State University.

Downing spent a summer in the Holy Land on scholarship through New York University. While there he made more than 700 color slides of Biblical landmarks and other historic points of interest in the Mediterranean area and Near East. The program consisted of a talk dealing with his visit, as well as the showing of some of his slides to members of the service club.
